To whom it may concern,

I am writing this recommendation on behalf of Paul Hill, a member of the music staff at Northview High School in Johns Creek, GA. I have worked with Mr. Hill for one year and think highly of his contributions to our program.

Mr. Hill has contributed to the music program at Northview High School in many ways. First, and foremost, he has functioned as our General Music Instructor – teaching both guitar and piano classes. He has enabled students who are just learning these instruments to feel like they have something to offer musically, while inspiring life skills.

He made himself available to assist with other ensemble rehearsals and performances and often went above and beyond the call of duty to make sure that his students were well-prepared for performances. In particular, Mr. Hill played a vital role in preparing students for Northview High School's Black History Month program which is a very important part of our school's yearly activities.

Mr. Hill also teaches private students, which have led to many success stories. He has been active in the professional music scene in Atlanta and Memphis over his career.

Mr. Hill is always prepared and willing to help other teachers and is a team player. His diligence and positive attitude towards music and his fellow teachers is evidenced in the work ethic he brings to every situation. His self-motivation in the area of music is evidenced by his willingness to continually learn more about his craft. He is organized and completes assigned tasks thoroughly and in a timely manner.

I recommend him to you without reservation.

Sincerely,

Timothy J. Aucoin
