TO WHOM IT MAY CONCERN:

I am honored to have the opportunity to recommend Mr. Paul Hill as an Adjudicator with the state's musical organization, Georgia Music Educator's Association.

I've known Mr. Hill for well over two years and each time we communicate, whether in person, by phone, e-mail, etc., music has always been the central discussion topic. It seems Mr. Hill literally lives and breathes music, as reflected in his extensive accomplishments in the music profession in the past twenty-five years. His body of work and experience speaks for itself as an accomplished Musician, Keyboardist, Arranger/Composer, and Educator. He is also an accomplished Trumpeter, the same as I.

Mr. Hill's musical ingenuity has spanned across so many different venues in the music industry, including former adjudicator, clinician and lecturer. His wealth of experience and professionalism make him a prime candidate for the position he wholeheartedly desires to serve.

Should additional information be requested, contact information is provided above.

Musically yours,

Milkshake  
Trumpeter/Producer
